ICFA leveraging its large pool of contributors, world's most influential leaders, policy makers, experts, entrepreneurs, business and thought leaders-uniting their impact to address challenging critical issues and discover innovative solutions, is organizing the 1st World AgTech Congress concurrently with the AgTech World and AgroWorld 2019. The platform will serve to integrate the collective wisdom of these stakeholders to drive impactful innovations and solutions for future challenges in ag sector globally. This will also serve to overhaul the weak traditional system giving way to a more technology centric and robust one, inclusive of even the smallest contributors in the farm machinery, AI and robotics, digital farming and agricultural processing sectors. The congress will mainly encompass the four themes and build dialogues of policy change, innovations and next generation business strategy in these realms.

Be Part of The Grand Event

With a striking assimilation of some grand events, that includes Global Agriculture Summit, AgroWorld 2019, Swaminathan Global Dialogue on Climate Change and Food Security, Agtech Startups Conclave, World Agtech Congress etc., AgTech World 2019 seeks to generate significant universal business and partnership opportunities, to explore and study the various business models required to augment latest technologies and innovations to remould the food and agri value chain, farming, farm management and post-harvest areas into more sustainable, feasible, and viable sectors for the future generations to explore. ICFA strongly encourages all the key stakeholders in agriculture, machinery, IT and technology sectors to participate, and invites everyone to avail this wonderful opportunity and explore business possibilities. The primary goal is to bring together and connect the innovators with investors, promote business to business linkages, facilitate access to markets and to be the platform for tech companies to find potential partners and tap burgeoning opportunities.

About ICFA

Indian Chamber of Food and Agriculture is the apex body in India, working on business, policy and development agenda and serving as global platform for trade facilitation, partnerships, technology and agribusiness services. A proactive approach helps ICFA in discerning critical challenges emerging in Indian agriculture along with creating opportunities for development, value addition and international trade to accelerate growth in food and agriculture sector globally. With its 27 industry Working Groups and sector specific Business Councils, ICFA represents the interests of key stakeholders at the national level and through its international platforms and partnerships, ICFA facilitates India's global engagement in food and agriculture sector.

For enhanced sustainability, food safety and quality standards, ICFA has taken up the Agriculture Stewardship Program by launching Healthy Food Initiative program and Good Agriculture Practices (GAP) project. In a short period of five years, the Chamber has signed up MoUs with the University of California, University of Maryland, Michigan State University, Iowa State University, Western Australia University, German Agribusiness Alliance, Borlaug Institute for South Asia, African Asian Rural Development Organization Nasscom, Sociedad Rural Argentina (SRA), FAMATO, CCI Pau Béarn and IFPRI etc. Through international partnerships, ICFA envisions to mobilise technologies and investments that will catalyse agribusiness and agri start-ups. The 20 Member ICFA Board has distinguished luminaries with the Pioneer of India's Green Revolution, Prof MS Swaminathan as its Patron.
